To: PE14-016 File

On July 11, 2014, a Takata-OEM Kick-off video conference meeting was held with Takata and the manufacturers involved in the Takata inflator Regional Field Action (RFA). Representatives from Takata, BMW, Chrysler, Ford, Honda, Mazda, Mitsubishi, Nissan, Subaru, Toyota and NHTSA were present. Takata provided the approach to the RFA and testing and each manufacturer provided a list of the vehicles potentially affected by this RFA. NHTSA advised each of the manufacturers to submit their respective RFA/573 submission when the specific models have been identified. Attachment 1 contains the Takata presented material. Please place this document in the EA14-016 investigation file.

If you have any questions, please contact Peter Ong on 60583.
